

Week 2 Newsletter June 30th-July 4th

SBYC Jr. SAILING

First of all I do not like how quickly this summer is already going by. We had another great week. We certainly did have some interesting weather. The forecast for last week was party sunny and possible afternoon thundershowers every day! Thanks to technology and the radar we were able to accurately predict and make sure we were all in safely before any bad weather hit us. Many sailors also learned how to read the radar and the weather information we have on our website (thanks to Ron). Parents you should ask your kids how to do it!

I hope you all had a great 4th of July. Thank you for all the volunteers who came down to the club to help decorate the Junior YC float and extra thanks to those who represented SBYC in the parade.

We have a lot coming up this week and next week so make sure to pay attention!!

Thanks, Jen

CONGRATULATIONS!
